

EOL Notification

NIKO hereby formally gives End of Life (EOL) notification that **TD320BL** will be phased out of production.

The following shows the phase out schedule :

- ◆ Last purchase date : **2013/06/30**
- ◆ Last delivery date : **2013/12/31**

General Information

This EOL notification announces the cessation of manufacture of the devices mentioned herein. The process of product discontinuation will be implemented in accordance with NIKO product EOL procedure. The device EOL information is supplied prior to cessation of manufacture to enable related customers to make the necessary adjustments to their present and future purchasing plans. Users of these devices should review this material carefully and ensure that final purchases are made within the schedule as defined in the following terms and conditions.

Last Purchase Date

This is the final date at which orders will be accepted for deliveries of the mentioned devices. After this date NIKO can not enter into negotiations regarding the purchase of these phased out devices.

Last Delivery Date

After this specified date no more devices will be manufactured and last deliveries made. At this point the device can be said to have reached their end of life status.

Suggested Replacement Device

The suggested devices should functionally replace the original device however this is offered as reference information only. NIKO offers no guarantee that the suggested replacement device will have exactly the same form, function or specification of the phased-out device.

Device Pricing

The subject of pricing for the specified devices under notice of phase-out is one that must be discussed with the NIKO Sales Department. Quotations for devices will depend on several factors and can only be given upon individual requests.

Limited Warranty

All devices under notice of phase-out shall be subject to the NIKO Standard Limited Warranty.

Phased-out Device Future Manufacture

NIKO reserves the right to re-introduce at any time in the future the manufacture of devices that may have gone through the full phase-out procedure. All new re-introductions of previously phased-out devices will be announced on the NIKO website.
